Hawaiian  
Electric  
Company.

The cleanest, brightest and really  
the long run, the cheapest and best light  
for use in the family residence, is the in-  
expensive electric light. Safe; nothing could  
be safer. A few days ago a prominent gen-  
tlemen of Honolulu came rushing down to  
the office of the Electric Company and said:  
"Give me figures for wiring my house, and I  
will have it done at once; no more lamps for me,  
I want a lamp-tipped over and it came so  
near setting fire to the house and burning  
my children and I take no more risks."  
This is the sentiment of quite a number in  
the past few weeks, who have ordered their  
houses fitted with the perfect light.  
Just think it over and make up your mind  
that you want the best and safest light; send  
the Hawaiian Electric Company and tell  
them what you want.  
We have a complete stock of everything in  
the line and have just received a lot of the  
very latest designs in chandeliers

## Chills

Ever become  
chilled through and  
through?  
The acute sen-  
sation of cold is  
followed by fever-  
ishness and aches in  
all parts of the body.  
Finally the whole  
trouble settles in the  
throat and lungs in  
the shape of a cough.  
There is nothing  
so bad for a cough  
as coughing.

## Ayer's Cherry Pectoral

will cure these chills and coughs. A  
few doses are sufficient at first. More  
time is required later on.  
Stop coughing and you will get well.  
Keep coughing and you invite bronchi-  
tis, pneumonia, or even consumption  
itself. Better stop your cough at once  
and thus end the whole matter.

BRILLIANT ENDORSEMENT.

By Health Journal of New York, Aug-  
ust 24, 1899—J. A. Davis, M.D., Editor  
and Manager.

Only last week we examined the beer  
brewed by the Capital Brewing Com-  
pany of Olympia, Wash., and it is a  
perfect illustration of the quality of  
beer which we are always glad to com-  
mend, for the analysis showed it to be  
entirely free from any trace of any in-  
jurious substance. Such a high grade  
of beer is most beneficial in its use, for  
none of the pure malt and hops have  
been displaced by harmful ingredients.  
Every hygienist will concur with us in  
saying that a beer of such superior  
excellence is a very wholesome beverage.  
Physicians often have occasion  
to prescribe a pure beer for cases of  
debilitation, and they can safely order  
this beer, made by the Capital Brewing  
Company.

L. H. Dee has in his keeping the  
American Journal of Health and can  
be seen by anyone.

This beer can be had in bottle or on  
draught at the HOFFMAN, corner of  
Hotel and Nuanu streets. A large as-  
sortment of the very best of American  
and foreign liquors we are pleased to  
sell you and give you value for the  
"neft of your health."

L. H. DEE,  
Proprietor of HOFFMAN.

## HONOLULU'S WHARE RATS

VERITABLE NEST OF THEM ON  
THE FRONT.

Sleep In Old Boilers and Lumber Yards  
And Pick up a Living in Any Old Way  
A Visit to Them.

Few people who witness the merry,  
interesting boys along the waterfront  
diving for nickels in the bay realize or  
even imagine the lives some of them  
live. They seldom appear except on  
steamer days, and then are happy and  
impress one most favorably.

As a matter of fact, however, Hono-  
lulu has the worst nest of wharf rats on  
the face of the earth. New York's  
waterfront is as the door of a sanc-  
tuary compared to it. Honolulu's  
waterfront is today raising the drunk-  
ards and thieves of the future, and doing  
it very fast.

A short time ago the attention of a  
number of good people was called to  
this matter. Men along the front had  
thought it out. One night not long  
since a committee led by a lady and  
directed by a waterfront watchman  
visited several of the haunts of the  
wharf rats. Any number of boys, rang-  
ing in years from ten to eighteen were  
found. Some were running around,  
apparently on stealing expeditions.  
They would fly from the visitors and  
could not be questioned. Most of them  
were natives and part Chinese, though  
a number appeared to be Portuguese.

On the rounds the party came to an  
old steamer's boiler, a very large af-  
fair, and one of the men suggested that  
they see what was inside of it. Crouch-  
ing down he climbed in. Immediately  
there was a scramble and twenty boys  
ran out at the other end. The party  
struck a light and examined the inside  
of the boiler. They found there a con-  
tinuous bed of gunny sacks upon which  
the lads were sleeping.

Subsequent investigating by the same  
persons has shown that a very large  
number of boys live in this way at in-  
tervals. There are perhaps a hundred in  
all. Tiring of their ill homes and doing  
chores they run away and are gone  
for a week or ten days. They sleep in  
the old boilers and in lumber piles at  
night. In the day time they dive for  
money or pick up coal or wood and sell  
it to Chinese restaurant keepers. Many  
of them hold horses at the wharves on  
steamer days and pick up a few cents.  
It is thought that a few really have no  
homes at all and spend their entire  
time in this sort of life.

One good authority on the subject  
says that most of the boys do not ap-  
pear at all in the day time except when  
steamers are in port. They sleep or  
dull days and gamble at night. Their  
gambling haunts is not stated, but it is  
said that they play cards, various  
games, and shoot craps for small  
amounts of money. Their instruction  
is probably gleaned from the stevedores  
and Russian War gamblers on the  
front.

It is not unlikely that a truant officer  
in the batch some night would have his  
hands full. Many of the lads within  
the age have never been to school at all,  
they having simply been "lost in the  
shuffle." Others have long since  
dropped from school and have been lost  
sight of.
